Hire Catalogue

2027-2028

The price is per item.
All hire items must be returned in the same condition they were delivered in.
Any damages or missing items must be paid for - an invoice will be sent for the full retail value (which is often higher than the hire charge).
Where mentioned candles will be real however LEDs are available for an additional fee.
If you are after a certain item which you don't see here then I may be able to source this for you from another florist - please just ask.
If hiring items without us also providing fresh flowers then collection will be from our studio in Colchester or delivery may be available for an additional fee.
